      - We are looking for two interns to help collect data from the missions for this grant
      - Still working on job descriptions

III. Hepatitis A Overview – Tawanda Washington
   o The Governor has declared a State of Medical Emergency with Hepatitis A
   o There are a total of 67 counties in Florida
   o Duval County: 20 active cases, target population 17,870 and vaccinated 296
   o Hillsborough County: 148 active cases, target population 26,000 and vaccinated 6,500
   o Brevard County: 116 active cases, target population 10,000 and vaccinated 2,700
   o Fernando County: 108 active cases, target population 3,400 and vaccinated 4,900
   o High Priority Populations are the Homeless, Men who have sex with men, and those who use injected and non-injected drugs
   o Ramped up our efforts locally because of the outbreak
   o Department of Health is partnering with the Jacksonville jail to vaccinate inmates
   o The vaccine was developed in 1995 not offered regularly until 2005
   o Hepatitis A is VERY contagious
   o 2 shot series, the first shot provides 95% efficacy however the Health Department require another shot 6 months later these two shots are FREE
   o Hand Sanitizer does not kill Hepatitis A, soap and water works best
   o Symptoms: diarrhea, upset stomach, flu like systems, jaundice of the skin
   o Blood test are very expensive this isn’t a test hospitals automatically run on you unless you have yellowing of the skin or eyes
   o Vaccinations are being offered at the back of the room
